8 January 2007

Dear Sir

Rye Town Council is not responsible for the provision of public seating in the town but, when considering issues generally, endeavours to take into account the interests of all sections of the community ('Gibbet Marsh seating', 5 January).

Following representations to it and the Town Council, the Safer Rother Partnership decided to remove the seat opposite the Windmill Guest House because young people congregating there late at night were regularly disturbing the residents and guests.

The Council is not a member of the Safer Rother Partnership but obviously would not wish to see the removal of public facilities without all options being explored. The Council is therefore pleased to note that a replacement bench has been installed a little further along the river bank.

Yours faithfully

Richard Farhall
Town Clerk
