Subject: RE: CPE - questions from Rye Town Council

Dear Richard,

Many thanks for your note advising that RTC favours the early introduction of "user pays" CPE. This is good news since we should, if the Secretary of State approves, see the reappearance reasonably soon of an enforcement regime based on current parking restrictions as per ESCC regulations which are no longer policed.

In the meantime, a new scheme will continue to be worked up by RDC and ESCC in preparation for wide consultation - with proposals for dealing with such difficult problems as parking on Udimore Road, Military Road and many others. The Task & Finish Group is well into its deliberations: and Members may have seen the minutes of the meetings of 13th September and 5th October which are published on the website together with the Group's terms of reference.

There is an Overview & Scrutiny meeting, to which the Working Group reports, on 27th November - but I suspect that their main agenda item will be the governance of Bexhill as that issue nears a conclusion. Unfortunately, neither Gennette nor I can attend Council on the 13th November. We would have nothing to report of which members are not already aware.

In respect of Cllr Gilbert's questions, everyone is currently considering the answers to all of them. Some will have emerged by the time of the Stakeholders' event on the 29th November; and we both look forward to attending RTC on the 4th December _____

Subject: CPE - questions from Rye Town Council

At last night's Rye Town Council meeting Members agreed the Council's response to the 3 questions to be considered at the Stakeholder meeting on 29 November.

Essentially the Town Council favours introducing 'user pays' CPE as soon as practicable (ie basing a scheme on the existing TROs).

The Council also resolved to ask you both to address the attached questions at an Additional Town Council meeting to be held after the Planning & Townscape meeting on Monday 13 November. The Council meeting is likely to start around 6.50pm.

Best wishes

Richard
