Subject: Proposed Location of Speed Limit Terminal - A259 New Winchelsea Road, Rye

Dear Sir or Madam,

We plan to extend the existing 30mph limit boundary at the south western end of Rye. For details, please refer to screenshot below and the attached drawing herewith.

Basically, 30/60mph terminal sign will move from red mark to green mark approx. 210 metres southwest as shown on screenshot below.

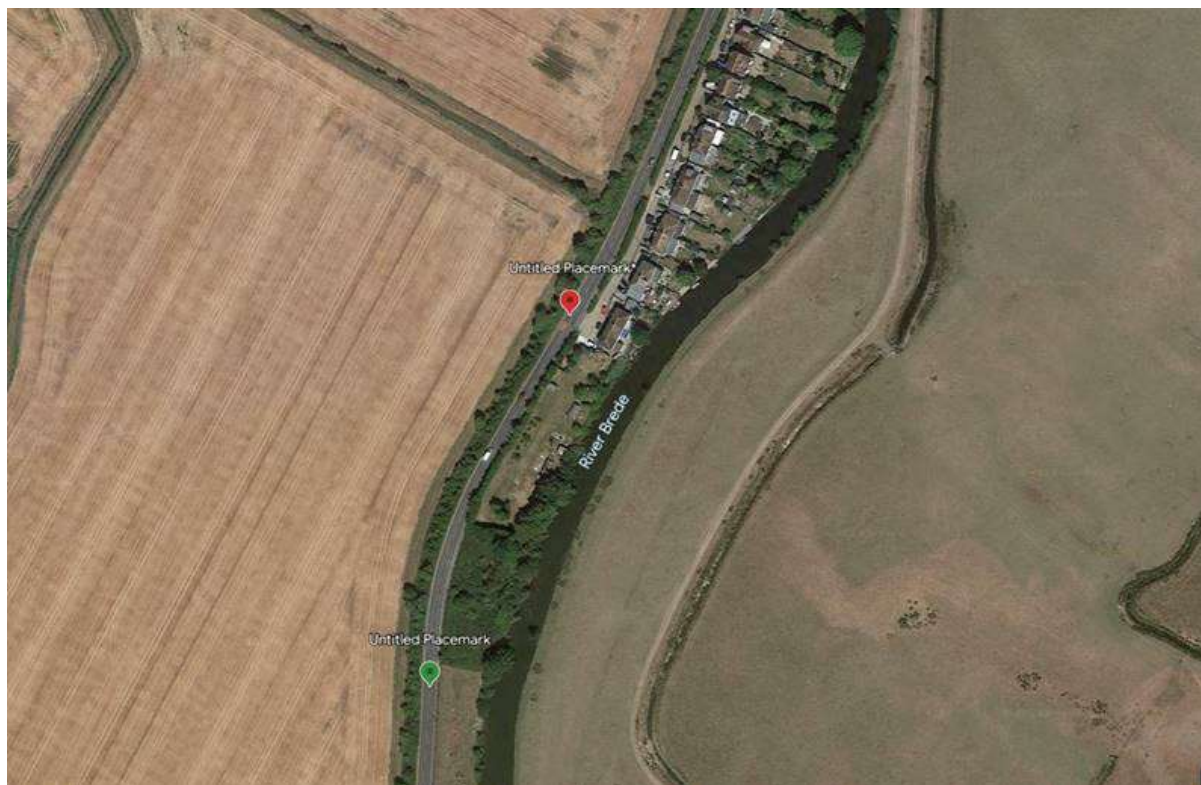

Reason:

The existing 30/60mph speed limit terminal signs located outside of No 136 New Winchelsea Road appear too close to the residential boundary so drivers travelling northbound do not get enough time to reduce speed. Also, travelling southbound we can see national speed limit sign from quite far so drivers tend to build up speed well in advance. Our proposal would be to extend the 30mph speed limit, which is subject approval of the traffic regulation order.

Due to the presence of a horizontal bend at this location, we believe that a buffer zone is not required.

Should you have any comments or queries, please contact me. Sussex Police and the Councillor for the area both support the proposed change.

I look forward to hearing from you.

Best Regards,

Deepak Kaphle (BEng MSc MIHE MCIHT MSoRSA), Senior Engineer
