

44 RYE COMMUNITY LAND TRUST: UPDATE

The Rye CLT Steering Group met with Tom Warder (Action in Rural Sussex Community-Led Housing) and Nicholas Champkins (one of the consultants appointed by RTC to draft a concept design and viability assessment for an affordable housing development on the former Tilling Green School Playing Field) on 12 June.

The consultants will present to the Steering Group on 9 July – with a view to publishing their report in mid-August.

Responses (provided) to ESCC's consultation on its intention to dispose of the Field were submitted by both the CLT and RTC by the deadline (16 June). A decision from ESCC's Lead Member is not expected until the Autumn.

The Steering Group is considering the CLT's legal form and structure.
